

REFLECTION & APPLICATION

Think about a time you felt left out, treated unfairly, or scared. How was God still looking after you even if you didn't see it at the time?

Is there anything in your life that feels unfair? How can you trust God with it? Also, try to think of one person you could forgive, the way Joseph forgave his brothers.

PRAYER

Close the Bible study with a time of prayer, bringing hard things like waiting, disappointment, or hurt before God.

Ask God for His help in trusting Him and forgiving others like Joseph did. Thank God that He is always with us, and works all things out for our good.

CONCLUSION

Like Joseph, we may face people turning on us, difficulties, and times that we feel forgotten by God. But his story assures us that God is always present, no matter what we go through, and will always use what we go through for our good. Encourage each other to remember that God's love is secure, and that He is faithful to redeem what is broken, in His time and in His way.
